Four Wheel Drive and newer for sure. Kym wanted to know if we were going to have a platform for the people who are running for office. So, we can see what they plan on doing, what they intend to do, what they've done, blah blah blah. It's not the council's job to set that up. Adam said someone outside of the council sets it up. Melissa asked about the newsletter. Is that attached to the council? It goes out at the beginning of November, if I write something up and get it to you before the next newsletter comes out. Bev informed them there isn't time to put it in the newsletter. If someone writes it up, I can put it on the Kevin Facebook Page. Melissa also wanted to know how they kill the weeds by the well. Scott explained. And she also wanted to know how she can get set up to vote. Trax said he has a few pictures from around town and still has to fill out the complaint forms. And he was concerned about some of the water connections sticking up out of the road with the snowplow.

Merle Head entered the meeting.
