Subject Property:

Legal Description: Block _____ Lot(s) _____ Addiction _____

Physical Address of Proposed Kennel: _____

Sq. Ft or Acres _____

In addition to the above, please submit a written plan of how you plan to care for, clean up after, and prevent the kennel from becoming a nuisance. Include any information you would like the town council to know before making their decision on this application.

Provision 6-7: KENNEL LICENSE:

- A) Inspection: The intended facilities must be inspected by the animal control officer upon initial application and annual renewal, such inspection to include the physical facilities as well as the effect on the neighborhood.
- B) Recommendation: Following the inspection, the animal control officer will recommend either approval or disapproval of the application to the licensing authority.
- C) Fee: There shall be no annual kennel fee, but the number of dogs and/or cats must be specified on the initial application and any renewal application.
- D) Zoning: Kennels may be allowed in all zoned areas inside the municipal limits of the Town of Kevin
- E) Consent: Anyone making an application for a kennel license **must obtain the written consent** of at least seventy-five percent (75%) of the adjoining property owners of record at the Toole County Courthouse within a 200-foot radius of the property line of the person requesting the license.
- F) Renewals: Licenses must be renewed within thirty days of the expiration date, or the application will be treated as a new application. In any event, licenses shall expire on December 31 of each year, no matter when obtained during the year. In the event, a kennel license is renewed and there is no increase in the number of dogs and/or cats stated in the application upon which the renewal is based, then consent is unnecessary for such renewal. In the event there is such an increase in the number of dogs and/or cats, a new application must be submitted and consent must be obtained for the license to be renewed.
- G) Exclusions: No fee may be required of any veterinary hospital, city-owned animal shelter, or government zoological park.

H) Separate Facilities: Every facility regulated by this provision shall be considered a separate enterprise and shall have an individual license.

Provision 7: License Revocation; all kennel licenses will expire on December 31st of each year unless revoked. The animal control officer will investigate all complaints concerning unlicensed or improperly operated kennels, including, but not limited to, any nuisance, any increase in the number of dogs and/or cats over that stated in the application, and/or moving, altering and/or the general dilapidation of the facility and may recommend revocation of the license if it is deemed necessary. The licensee will be given at least five (5) days' written notice of such recommendation during which time he/she may appeal the Animal Control Officer's recommendation. The licensing authority will then take action as required.
